contents will help you succeed in this course in this book we give you all the essential information that you will need to successfully pass the certification course and exam on your first attempt. Joe and I have been teaching this course to healthcare professionals and students since 1984. We know what works and what doesn't when it comes to helping our students be successful. We had to develop almost all of the study materials for our students by ourselves because very little existed at the time the zombie notes study charts were some of the first study aids we developed to help our students learn a large amount of information very quickly. We know that this format works very well because hundreds of thousands of healthcare professionals and students in hospitals and colleges all over the world have used this handy no-nonsense chart to help them successfully pass the ACLS certification exams. Therefore, in order for you to be successful on the certification exam and on the job, we expect you to memorize every bit of information contained within the zombie notes study charts and within this book. It is essential that you know this information by heart and can recall it at a moment's notice. This information is not only essential for the exam but for your career and the survival of your patients as well.
